Arizona Supreme Court Rule 123 governs public access to records maintained by the Arizona Judicial Branch. Rule 123(g) restricts internet and other remote electronic access to case file documents. Rule 123(g)(3) provides that a court may order remote electronic access by the public to documents in a particular case.

The Administrative Office of the Courts staff provides public and media relations services on behalf of this Court and regularly identifies Supreme Court cases that are in high demand by the public and the news media.

Now, therefore, pursuant to Article VI, Section 3, of the Arizona Constitution,

IT IS ORDERED that the Administrative Director may authorize posting of non-confidential case file documents in high profile cases on file with the Supreme Court Clerk's Office on the Supreme Court's publicly-accessible website with the assistance of the Clerk of the Supreme Court.

Dated this 31st day of January, 2011.
