**SUBSTANCE ABUSE BEHAVIORAL HEALTH RESIDENTIAL FACILITY SERVICES*
Service Code 233**

SERVICE DEFINITION:

This service provides 24-hour residential care within a supportive, structured, protective living environment. Services are designed to provide continuous protective oversight and substance abuse treatment to a youth who is able to participate in all aspects of treatment and to meet his/her basic physical and age-appropriate needs but who needs treatment to maintain or enhance independence. Services must stabilize substance abuse behavior(s) determined unmanageable at the community level upon admission. Services must also target the youth's criminogenic need(s).

The program shall integrate Evidence-Based Practice (EBP) components to reduce juvenile risk. Programming and services shall be skill based, individualized and coordinated to assist the youth in transition to a lower level of care and/or reintegration back to the community. Upon completion of the program, youth are expected to demonstrate behavioral stability in the community. This service supports off-site school attendance.

Adjunct programming shall include skill building components such as life skills, interpersonal skills, independent living, problem solving and/or recreational activities. Services may occur in an individual, group and/or family format. The Contractor shall ensure low risk youth are not combined with medium and high risk youth in a group setting. Additionally, consideration must be given to "group" youth according to their gender, development stage (early, middle, late adolescence) and/or cognitive ability. Appropriate placement in a group setting must be documented in the youth's file.

Individuals providing service provision shall have the ability to provide appropriate behavioral interventions to address the cognitive, social, behavioral, or substance abuse problems of youth, which may include a wide range of personal, interpersonal, situational and functional problems.

STANDARDS/LICENSURE REQUIREMENTS:

2. Provide a comprehensive examination in accordance with applicable licensing regulations and record the youth's behavioral health history.
3. Conduct treatment team meetings inviting all involved parties (i.e. client, family, probation officer) for the coordination of care (i.e. therapeutic, discharge and transition planning). Additional requirements may also include the formation and participation in Child and Family Teams for Title XIX and Title XXI enrolled youth.
4. Conduct and implement treatment/service planning, plan review and update and discharge planning in accordance with AOC Standard Terms and Conditions. Planning shall be individualized for the youth's transition to a lower level of care and/or reintegration back to the community and completed within the following timeframes:
 - An initial treatment/service plan must be completed within 48 hours after the youth first receives treatment pursuant to R9-10-308;
 - A comprehensive treatment/service plan shall be developed within thirty (30) calendar days after completion of the assessment or upon admission to the program;
 - Treatment /service plan review and update shall be conducted when additional client deficits which need intervention are identified, or at least every ninety (90) days from the initial date of the comprehensive treatment plan; and
 - Discharge planning shall commence upon admission and occur continuously as part of the treatment planning process.
5. Obtain parental/family involvement in the service design, delivery and discharge planning through participation in the treatment planning process, ongoing review of services provided and input into the youth's discharge plan. Documentation of parental/family involvement shall be noted in client file and/or reports as required.
6. Provide and support purposeful activities and behavioral health treatment therapies intended to reduce recidivism, support family reunification and facilitate community reintegration. Activities and services must be documented on a daily schedule and shall target the youth's behavioral health, physical, developmental, emotional, educational, cultural and social needs.
7. Arrange and support, as necessary, psychiatric services which include, but are not limited to, medication and medication management and review.
