**SERVICE DEFINITION:**

This service provides twenty-four (24) hour residential psychiatric and behavioral services within a highly structured environment for the adolescent sexual offending population. Services may occur in a locked or unlocked facility and are designed to address the youth's identified medical, behavioral health and criminogenic needs determined unmanageable at the community level upon admission.

Services are continuous and directed to youth who are experiencing sexually maladaptive behaviors; who have a limited or reduced ability to meet the his/her basic physical age-appropriate needs; to be a danger to self, a danger to others, or gravely disabled; to suffer severe and abnormal mental, emotional, or physical harm that impairs judgment, reason, behavior, or the capacity to recognize reality upon admission.

The program shall integrate Evidence-Based Practice (EBP) components to reduce juvenile risk and improve the youth's long-term psychiatric and behavioral stability in the community. Programming and services shall be individualized and coordinated to assist the youth in transition to a lower level of care and/or reintegration back to the community as clinically appropriate. The agency must demonstrate and document efforts to engage the family in the youth's residential episode of care. This service must include an on-site school.

Adjunct programming may include, but is not limited to, life skills development, communication skills, and therapeutic social and/or recreational activities. Therapeutic services and adjunct programming may occur in an individual, group and/or family counseling format. The Contractor shall ensure low risk youth are not combined with medium and high risk youth in a group setting. Additionally, consideration must be given to "group" youth according to their development stage (early, middle, late adolescence) and/or cognitive ability. Sex offender program youth may not engage in programming or recreational activities with non-sex offender program youth during service delivery. Appropriate placement in a group setting must be documented in the youth's file along with efforts by the agency to involve the family in service planning, service delivery and discharge planning. The program service description must be submitted with the application.
