Complaint against the Honorable
the Honorable Judge

The Honorable Judge

I believe there is a large "Collusion" to mislead my cases and intentionally cause me harm through manipulating my cases, conspiring to assist the prosecutors office to string this along for a very long time on an issue that was handled in my divorce and finalized. Judge is the presiding Judge and has allowed each Judge to take my case and then recuse themselves. Judge has allowed the prosecutors office to openly lie to the courts about many matters involving my case and my rights to unbiased professional conduct.

On one of many appearances the prosecutor was a temp for the one on my case. He told the courts that the prosecutor on my case was out of town on family matters; this was a lie because the prosecutor on my case came up with me and my witnesses in the elevator and then was sitting in the lobby while my very short hearing was addressed. Then the prosecutor went into the court room as were walking down the hallway. This has happened about 12 times.

There are additional documents with this complaint that will help support a wide variety of judicial violations and moral and ethical malfeasance by part of the courts, the clerks office, and most everyone involved.

The judges also were discussing my cases among themselves out of the courtroom due to the many hostile and disrespectful comments made towards me at the beginning of each hearing.

I have requested a change of venue, and change of judge, and a continuance only to be denied.

When the courts handled my case involving my property, they denied all the requests me and my attorney made. My case was intentionally strung on so long that it went on to the inactive list. My attorney then withdrew from my case, then the courts reopened my case knowing I now have no attorney. A document appeared on my case that I was not told about from a hearing. The document was a court antennary of all the time sensitive issues that had to be addressed by certain dates, I was never told anything about this till I recently found out by accident.

. At my last hearing I told Judge that I wanted to be present when they interviewed the jury on my case I also asked for a continuance to give me more time to arrange for an attorney, I was denied on both.

I told Judge that the opposing attorney was lying to the courts about the statements he is making about me and my case, Judge didn't seem to care and did nothing.

The opposing attorneys
together
doesn't care.....

and Judge Gould use to work
I believe this is a conflict of interest and still the judge

It is very clear that Judge is part of the "Collusion". Judge is shot gunning
my cases and letting other attorneys and prosecutors tank everything in there and my ex-
wife's favor.

I have not committed any crime and have proven it. I have stood up for my self and
refuse to let them take my home and everything I have worked for my whole life for.

During my divorce, which was over my wife pulled \$ 300,000.00 out of her
bank account

I believe she has used this money to make a lot of bazaar
things happen here Everyone from here knows that anything is
possible here for the right price.

My ex-wife is on record with the Metro Police in for being a professional
player / con artist.

Forgive me for the length of this.

Please see the attachments. I have additional documents available at your request..

Thank you for your time in this matter.

Sincerely,
