I've told the prosecution that My Wife Started the Arsons in our home and of the photographs that depict the bottle in the food Cabinet in her Kitchen, that was used in the Arson, I explained to the prosecutor everything I knew regarding the Confession My Wife Made to me.

In the States Disclosure and within the aforementioned pages of Said disclosure, My Wife has Clearly lied of her involvement of the Arson and insurance policy, by her own lies proves her involvement.

Judge Allows My Wife To remain release despite the facts of her Guilt. There are our Small Children Considered as Victims in this Case and She is being allowed to have Custody of the Children and Since Said Custody, there are Stories Manifesting - That one of our Children has been Molested, and Child abuse of all Children.

is demented and Considered a defendant in the aforementioned Case and has Since been released based on lies, the disclosure and her own Statements Clearly proves that.

Judge has placed all of our Small Children lives in danger and there lives obviously remain in
