SECTION 3 REQUIREMENTS AND SPECIFICATIONS

All proposers must complete the Product Information & Evaluation Sheets in Section 5 and submit them as part of the proposal.

3.1 Purpose

The intent of this RFP is to contract for Global Positioning System (GPS) tracking equipment and obtaining limited monitoring services for high-risk offenders on probation statewide in all 15 counties of Arizona.

3.2 Background and Goals

The Adult Probation Services Division (APSD) is a Division within the AOC responsible for overseeing the effective statewide administration of adult probation programs and services in accordance with statutory and administrative guidelines.

On June 21, 2006, Arizona's Governor signed a bill (SB 1371) that requires certain sex offenders who are sentenced on or after November 1, 2006, to undergo GPS monitoring for the duration of their probationary period. Current projections indicate approximately 130 offenders will receive the GPS monitoring requirement by June 30, 2007. Furthermore, the number of offenders is projected to increase to approximately 340 by June 30, 2008.

The intent of the RFP is to contract for an Electronic Monitoring System (EMS) that utilizes Global Positioning System (GPS) tracking equipment to provide 24-hour, 7-day per week monitoring of designated offenders for the purpose of providing increased supervision.

A second portion of the RFP exists for providing limited service monitoring. The AOC is requesting that the vendor provide a first response capability to screen all violations, determine their severity, and either clear or notify agency contacts as determined by the AOC.

3.3 Requirements

Arizona's probation population is distributed throughout the State's fifteen counties. Because many locations where offenders either live or work are not within areas where there is adequate cellular coverage, active (or real-time) GPS monitoring is not a viable statewide option at this time. Consequently, the AOC is interested in:

- Vendor equipment that has the ability to provide tracking that ranges from near real time to once each day (can convert from passive to active through a software interface);
- Vendor shall maintain a call center twenty four (24) hours a day, three hundred sixty-five (365) days a year to provide constant communications links with immediate notification of alarms;
- Preferred system should provide a web-based software application for enrollment, scheduling and reviewing of offender location and mapping. Although a web-based system without the need for proprietary software is preferred, vendors with proprietary software will not be excluded if the software is readily available and provided at no extra cost.
- Mapping software utilized shall include, but not be limited to, the following:
 - Allow for zooming/scaling from street level to statewide;
 - Allow for identification/labeling of streets;
 - Display offender location information in a sequenced event and/or at a specific date and time; and
 - Display inclusion and exclusionary zones. Must be printable from the screen.
- User interface shall allow probation staff to:
 - Add, delete, or edit offender information without the requirement for contacting the monitoring center;
 - Modify notification preferences online; and
 - Fast forward through GPS tracking points.

3.4 Compliance

The vendor must identify all terms and condition with which they are not able to comply. Otherwise, it is assumed that all terms and conditions as specified herein are accepted by the vendor.

**SECTION 4
PROPOSAL EVALUATION CRITERIA**

Proposals will be evaluated in two phases:

1. An initial review to determine the responsiveness of the proposal to the requirements for the Request for Proposals (RFP). For a proposal to be considered responsive, it must meet the following tests:
 - A. A sealed original and 4 copies must be physically in the possession of the Arizona Supreme Court, 1501 W. Washington, Suite 221, no later than 3:30 PM Arizona time on September 14, 2006.
 - B. The proposal must include all required items on the Proposal Submittal Checklist (Section 5).
 - C. The original and all copies of the proposal must be in ink or typewritten.
2. An in-depth analysis and evaluation will be based upon the following criteria. The evaluation criteria are listed in order of relative importance.

Evaluation Criteria	Relative Importance
A. Product Functionality -- Ability to meet specifications -- Ease of use	40%
B. Price -- Detailed budget with both direct and indirect costs identified	25%
C. Quality of product and vendor performance with other businesses/agencies -- References and reputation	25%
D. Quality of Vendor Response -- Each response will be evaluated to determine the vendor's understanding of the project and its ability to perform and meet each technical specification. Each item must have been discussed clearly and succinctly.	10%

**SECTION 5
PROPOSAL SUBMITTAL DOCUMENTS**

The following materials must be submitted as part of a vendor response:

1. Proposal Submittal Letter (see page 12)
2. Three references which must be users of the product (see page 13)
3. Vendor Profile (see page 14)
4. Product Information & Evaluation Sheets (see pages 15-25)

an Electronic Monitoring System that utilizes GPS tracking equipment to provide 24-hour, 7-day per week monitoring of designated offenders, and

the provision of a first response capability to screen all violations, determine their severity, and either clear or notify agency contacts as determined by the AOC.
6. A description of exceptions (if any) to the standard terms and conditions provided in Section 6 of the RFP. Any exceptions to the standard terms and conditions must be noted in the vendor response.
7. Vendor's License and Maintenance and Service/Support Agreements.
8. Additional Data (any additional descriptive/narrative data the vendor wants to submit).

SECTION 6 STANDARD TERMS AND CONDITIONS

These terms supplement and modify the terms and conditions of the contract with the vendor named above. In the event of any conflict between any "form" contract and these provisions, these terms shall govern unless expressly overridden. "Court" means the Arizona Supreme Court and the Administrative Office of the Courts. "State" means the State of Arizona and its departments, agencies, boards and commissions. "Contract" or "Agreement" means the agreement between the Court and the vendor named, including all attachments and other documents incorporated by reference. "Contractor" means the vendor named above.

1. **Certification.** By execution of this Contract, Contractor certifies:

A. The submission of the offer did not involve collusion or other anti-competitive practices.

B. Contractor shall comply with all applicable state and federal laws, rules, regulations and executive orders governing equal employment opportunity, immigration, nondiscrimination, including the Americans with Disabilities Act, and affirmative action. Contractor shall include a clause to this effect in all subcontracts related to this Contract.

C. The Contractor has not given, offered to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this Contract. Signing this Contract with a false statement shall void the Contract and may be subject to all legal remedies provided by law.

D. The Contractor agrees to promote and offer to agencies eligible to purchase under this Contract only those materials and/or services as stated in and allowed for under this Contract as Court contract items.

E. No individual or agent has been employed or retained to solicit or secure this Contract for a commission, percentage, brokerage or contingent fee, except a bona fide employee maintained by Contractor to secure business. This paragraph does not apply to payment of fees for assistance in marketing, installation, and support or for any other purpose in performance of this Contract.

2. **Availability of Funds.** Payments for contractual obligations are contingent on funds for that purpose being appropriated, budgeted, and otherwise made available, and the provisions of the Contract shall be effective only when funds appropriated for the purpose of compensating Contractor actually are available to the Court for disbursement. The Administrative Director of the Courts shall be the sole judge and authority in determining the availability of funds under the Contract and shall keep the Contractor informed as to the availability of funds. The Court shall not be liable for any purchases or subcontracts entered into by Contractor in anticipation of funding.

3. **Gratuities.** The Court may, by written notice to the Contractor, terminate the Contract if it is found that gratuities in the form of entertainment, gifts, or otherwise were offered or given by the Contractor or any agent or representative of the Contractor, to any officer or employee of the Court or the state with a view toward securing a contract or securing favorable

treatment with respect to the awarding or amending or the making of any determinations with respect to the performance of such Contract. In the event this Contract is canceled by the Court pursuant to this provision, the Court shall be entitled, in addition to any other rights and remedies, to recover or withhold from the Contractor the amount of the gratuity. Paying the expense of normal business meals which are generally made available to all eligible customers shall not be prohibited by this paragraph.

4. **Applicable Law.** The laws and regulations of the State of Arizona shall govern the rights of the parties, the performance of this Contract and any dispute thereunder. Any action relating to this Contract shall be brought in an Arizona Court in Maricopa County. Any changes in the governing laws, rules and regulations during the term of this Contract shall apply and do not require an amendment to this Contract.

5. **Arizona Procurement Code.** The Arizona Procurement Code (ARS Title 41, Chapter 23) and the Arizona Supreme Court Rules Prescribing Procurement Policies and Procedures for the Judicial Branch (Judicial Branch Procurement Rules) are incorporated as a part of this document as if fully set forth herein.

6. **Entire Agreement.** The Contract contains the entire agreement between the Court and the Contractor concerning the subject transaction and shall prevail over any and all previous agreements, contracts, proposals, negotiations, purchase orders or master agreements in any form.

7. **Amendments.** This Contract shall be modified only by a written Contract amendment signed by persons duly authorized to enter into contracts on behalf of the Court and the Contractor.

8. **Provisions Required by Law.** Each and every provision of law and any clause required by law to be in the Contract shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party the Contract shall forthwith be physically amended to make such insertion or correction.

9. **Conflicts of Interest.** The Court may cancel this Contract without penalty or further obligation pursuant to ARS §38-511, if any person significantly involved in initiating, negotiating, securing, drafting, or creating the Contract on behalf of the Court is or becomes at any time, while the Contract or any extension of the Contract is in effect, an employee of any other party to the Contract in any capacity or a consultant to any other party to the Contract with respect to the subject matter of the Contract. Cancellation shall be effective when written notice from the Court is received by all parties to the Contract unless the notice specifies a later time.

10. **Severability.** If any provision of the Contract is held invalid or unenforceable, the remaining provisions shall continue valid and enforceable to the full extent permitted by law.

11. **Relationship of the Parties.** It is clearly understood that each party shall act in its individual capacity and not as an agent, employee, partner, joint venturer, or associate of the other. An employee or agent of one party shall not be deemed or construed to be the employee or agent of the other party for any purpose whatsoever. The Contractor is an independent contractor in the performance of work and the provision of services under this Contract, and taxes or Social Security payments shall not be withheld from a Court payment issued hereunder.

12. **Interpretation.** This Contract is intended by the parties as a final, complete and exclusive statement of the terms of their agreement. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any term used in this Contract. Acceptance or acquiescence in a course of performance rendered under this Contract shall not be relevant to determine the meaning of this Contract even though the accepting or acquiescing party has knowledge of the nature of the performance and opportunity to object. Whenever a term defined by the Arizona procurement code or the Judicial Branch Procurement Rules is used in this Contract, the definition contained in this code or these rules shall control with the provisions of the Judicial Branch Procurement Rules governing in the case of conflicting terms.

13. **Assignment - Delegation.** No right or interest in this Contract shall be assigned by the Contractor or the Court without prior written permission of the other party, and no delegation of any duty of the Contractor or the Court shall be made without prior written permission of the other party. The Court and the Contractor will not unreasonably withhold approval and will notify the other of its position within 15 days of receipt of written notice by the other. Any attempt to assign any of the rights, duties or obligations of this Contract, or otherwise assign any item acquired under this Contract, without such consent is void.

14. **Subcontracts.** No subcontract shall be entered into by the Contractor with any other party to furnish any of the material, service or construction specified herein without the advance written approval of the Court. All subcontracts shall comply with Federal and State laws and regulations which are applicable to the services covered by the subcontract and shall include all the terms and conditions set forth herein which shall apply with equal force to the subcontract, as if the subcontractor were the Contractor referred to herein. The Contractor is responsible for Contract performance whether or not subcontractors are used. The Court shall not unreasonably withhold approval and shall notify the Contractor of the Court's position within 15 days of receipt of written notice by the Contractor.

15. **Rights and Remedies.** No provision in this document or in the Contractor's offer shall be construed, expressly or by implication as a waiver by either party of any existing or future right and/or remedy available by law in the event of any claim of default or breach of contract. The failure of either party to insist upon the strict performance of any term or condition of the Contract or to exercise or delay the exercise of any right or remedy provided in the Contract, or by law, or the acceptance of materials or services, or the payment for materials or services, shall not release either party from any responsibilities or obligations imposed by this Contract or by law, and shall not be deemed a waiver of any right of either party to insist upon the strict performance of the Contract.

16. **Disputes.**

A. Contract Administrator Procedure. If any dispute arising under this Contract is not disposed of by agreement between the parties within thirty (30) days, then the Court contract administrator identified in this Contract shall decide the dispute in writing and send a copy of the decision to Contractor.

B. Appeals. If the Court contract administrator's decision is not acceptable to Contractor, the dispute shall be resolved in accordance with the procedures set forth in Supreme Court Administrative Policy 7.04.

C. Continued Performance. The Court and the Contractor agree that the existence of a dispute notwithstanding, they will continue without delay to carry out all their responsibilities under this Contract that are not affected by the dispute.

17. **Warranties.** Contractor warrants that all material, service or construction delivered under this Contract shall conform to the specifications of this Contract. Mere receipt of shipment of the material, service, or construction specified, and any inspection incidental thereto by the Court, shall not alter or affect the obligations of the Contractor or the rights of the Court under the foregoing warranties. Additional warranty requirements may be set forth in this document.

18. **Indemnification.** Contractor shall indemnify, defend, and save harmless the Court from any and all claims, demands, suits, actions, proceedings, loss, cost, and damages of every kind and description, including any reasonable attorneys' fees and/or litigation expenses, which may be brought or made against or incurred by the Court on account of loss of or damage to any property or for injuries to or death of any person, caused by, arising out of, or contributed to, in part, by reasons of any act, omission, professional error, fault, mistake, or negligence of the Contractor, its employees, agents, representatives, or subcontractors, their employees, agents or representatives in connection with or incidental to the performance of this Agreement, or arising out of worker's compensation claims, unemployment compensation claims, or unemployment disability compensation claims of employees of Contractor and/or its subcontractors or claims under similar such laws or obligations. Contractor's obligation under this Section shall not extend to any liability caused by the negligence of the Court, or its employees.

19. **Overcharges by Antitrust Violations.** The Court maintains that, in actual practice, overcharges resulting from antitrust violations are borne by the purchaser. Therefore, to the extent permitted by law, the Contractor hereby assigns to the Court any and all claims for such overcharges as to the goods or services used to fulfill the Contract.

20. **Force Majeure.**

A. Except for payment of sums due, neither party shall be liable to the other nor deemed in default under this Contract if and to the extent that such party's performance of this Contract is prevented by reason of force majeure. The term "force majeure" means an occurrence that is beyond the control of the party affected and occurs without its fault or negligence. Without limiting the foregoing, force majeure includes acts of God, acts of the public enemy; war; riots; strikes; mobilization; labor disputes; civil disorders; fire; flood; lockouts; injunctions-intervention-acts, or failures or refusal to act by government authority; and other similar occurrences beyond the control of the party declaring force majeure which such party is unable to prevent by exercising reasonable diligence. The force majeure shall be deemed to commence when the party declaring force majeure notifies the other party of the existence of the force majeure and shall be deemed to continue as long as the results or effects of the force majeure prevent the party from resuming performance in accordance with this agreement.

B. Force majeure shall not include the following occurrences:

(1) Late delivery of equipment or materials caused by congestion at a manufacturer's plant or elsewhere, or an oversold condition of the market.

(2) Late performance by a subcontractor unless the delay arises out of a force majeure occurrence in accordance with this force majeure term and condition. Any delay or failure in performance by either party hereto shall not constitute default hereunder or give rise to any claim for damages or loss of anticipated profits if, and to the extent that such delay or failure is caused by force majeure.

- C. If either party is delayed at any time in the progress of the work by force majeure, the delayed party shall notify the other party in writing of such delay, as soon as is practical, of the commencement thereof and shall specify the causes of such delay in such notice. Such notice shall be hand delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by contract modification for a period of time equal to the time that results or effects of such delay prevent the delayed party from performing in accordance with this Contract.

21. **Right to Assurance.** Whenever one party to this Contract in good faith has reason to question the other party's intent to perform, he may demand that the other party give a written assurance of this intent to perform. In the event that a demand is made and no written assurance is given within five (5) days, the demanding party may treat this failure as an anticipatory repudiation of the Contract.

22. **Records.** Pursuant to provisions of Title 35, Chapter 1, Article 6 Arizona Revised Statutes §35-214 and §35-215 each Contractor shall retain, and shall contractually require each subcontractor to retain, all books, accounts, reports, files and other records relating to the acquisition and performance of the Contract for a period of five (5) years after the completion of the Contract. All such documents shall be subject to inspection and audit at reasonable times. Upon request, a legible copy of any or all such documents shall be produced at the offices of the Auditor General, the Attorney General, the Supreme Court or any agency doing business under this Contract. This paragraph does not apply to confidential information or trade secrets, such as product costing data, research and development data, and the like.

23. **Advertising.** Contractor shall not advertise or publish information concerning this Contract, without prior written consent of the Court. The Court shall not unreasonably withhold permission.

24. **Right to Inspect Plant.** The Court may, at reasonable times, and at the Court's expense, inspect the plant or place of business of a Contractor or subcontractor which is related to the performance of any contract as awarded or to be awarded, in accordance with the Judicial Branch Procurement Code.

25. **Inspection and Acceptance.** All material, service and construction are subject to final inspection and acceptance by the Court. Material, service or construction failing to conform to the specifications of this Contract shall be held at Contractor's risk and may be returned to the Contractor. If so returned, all costs are the responsibility of the Contractor. Compliance shall conform to the termination clause set forth in this document.

26. **Exclusive Possession.** All services, information, computer program elements, reports and other deliverables which may be created under this Contract are the sole property of the

Court and shall not be used or released by the Contractor or any other person except with prior written permission of the Court.

27. **Shipping - Title and Risk of Loss.** Unless otherwise indicated by the Court, prices shall be F.O.B. Destination to any delivery location in the State of Arizona, in accordance with the Contractor's current shipping practices, using handling methods, equipment, and access routes which are normal for the particular goods. Contractor shall retain title and control of all goods until they are delivered, received, and the contract of coverage has been completed. All risk of transportation and all related charges shall be the responsibility of the Contractor. All claims for visible and concealed damage shall be filed by the Contractor. The Court will notify the Contractor promptly of any damaged goods and shall assist the Contractor in arranging for inspection.

28. **No Replacement of Defective Tender.** Every tender of materials must fully comply with all provisions of this Contract. If a tender is made which does not fully conform, this shall constitute a breach and Contractor shall not have the right to substitute a conforming tender. Compliance shall conform to the termination clause set forth within this document.

29. **Default in one Installment to Constitute Total Breach.** Contractor shall deliver conforming materials in each installment or lot of this Contract and may not substitute nonconforming materials. Delivery of nonconforming materials or a default of any nature, at the option of the Court, shall constitute a breach of the Contract as a whole. Compliance shall conform to the termination clause set forth within this document.

30. **Shipment under Reservation Prohibited.** Contractor is not authorized to ship materials under reservation and no tender of a bill of lading shall operate as a tender of the materials. Compliance shall conform to the termination clause set forth within this document.

31. **Liens.** All goods, services and other deliverables supplied to the Court under this Contract shall be free of all liens other than the security interest held by the Contractor until payment in full is made by the Court. Upon request of the Court, the Contractor shall provide a formal release of all liens.

32. **Payment.** A separate invoice shall be issued for each shipment of material or service performed, and no payment shall be issued prior to receipt of material, service or construction and correct invoice. Payment shall be subject to the provisions of ARS Title 35. Court will provide the Contractor with a contract number and the Contractor will reference the number on all invoices. The Court will make every effort to process payment for the purchase of goods or services within (30) calendar days after receipt of goods or services and a correct invoice of amount due, unless a good faith dispute exists as to any obligation to pay all or a portion of the account. Payment for deliverables subject to an acceptance test shall be made within 30 days following acceptance. Any amount that is due after (30) calendar days will be considered past due.

33. **Licenses and Permits.** Contractor shall maintain in current status all Federal, State, and local licenses and permits required for the operation of the business conducted by the Contractor as applicable to this Contract.

37. **Addition of New Models.** In the event that a product or model described in this Contract is discontinued or a new model or a comparable product is announced by the manufacturer, the Court at its sole discretion may allow the Contractor to substitute the comparable product for the discontinued product or the new or comparable model for the product described in the Contract subject to the procurement provisions of the Judicial Branch Procurement Rules. The Contractor shall request permission to substitute a new product or model and provide the following:

Persons requesting such information should be referred to the Court. Contractor also agrees that any information pertaining to individual persons shall not be divulged other than to employees or officers of Contractor as needed for the performance of duties under the Contract, unless otherwise agreed to in writing by the Court.

39. **Patents and Copyrights.** The Contractor will, at its expense, defend the Court against any claim that any item furnished under this Contract infringes a patent or copyright in the United States or Puerto Rico. The Contractor will pay all costs, damages, and attorney's fees that a court finally awards as a result of such claim. To qualify for such defense and payment, the Court will give the Contractor prompt written notice of any such claim and allow the Contractor to control, and fully cooperate with the Contractor in, the defense and all related settlement negotiations.

If the use of any item furnished under this Contract becomes, or the Contractor believes is likely to become, the subject of such a claim, the Court will permit the Contractor, at the Contractor's option and expense, either to secure the right for the Court to continue using the item or to replace it or modify it so that it becomes non-infringing so long as the item continues to meet the specifications of the original Contract. However, if neither of the foregoing alternatives is available on terms which are reasonable in the Contractor's judgement, the Court will return the item upon the Contractor's written request. The Contractor will grant the Court a credit for returned items in the full amount of the purchase price.

The Contractor shall have no obligation with respect to any such claim based upon the State's modification of the item or its combination, operation or use with apparatus not furnished by the Contractor.

This paragraph states the Contractor's entire obligation to the Court regarding infringement or the like.

40. **End User Certification.** The Court understands that the Contractor is providing any volume discounts under this Contract in reliance on the State's representation that it is acquiring the items for use within its own organization, within the United States or Puerto Rico, and not for remarketing. However, the Court is under no obligation to actually purchase any quantity of items.

41. **Taxes.** The Arizona Supreme Court is exempt from Federal Excise Tax, including the Federal Transportation Tax. The Court will pay all applicable taxes resulting from this Contract or activities hereunder exclusive of taxes based on Contractor's net income. Sales tax, as required, shall be indicated as a separate item on all invoices.

42. **Other Contracts.** The Court may perform additional work related to this Contract or award other contracts for such work. The Contractor shall reasonably cooperate with such other contractors or state employees in the scheduling of and coordination of its own work with such additional work.

43. **Termination.**

A. The Court reserves the right to terminate the whole or any part of this Contract due to failure by the Contractor to carry out any material obligation, term or condition of the Contract. The Court will issue written notice to Contractor for acting or failing to act as in any of the following:

- (1) The Contractor provides material that does not meet the specifications of the Contract;
- (2) The Contractor fails to adequately perform the services set forth in the specifications of the Contract;
- (3) The Contractor fails to complete the work required or to furnish the materials required within the time stipulated in the Contract;
- (4) The Contractor fails to make progress in the performance of the Contract and/or gives the Court reason to believe that the Contractor will not or cannot perform to the requirements of the Contract.

B. Upon receipt of the written notice of concern, the Contractor shall have ten (10) days to provide a satisfactory response. During the ten day period, the parties will have an opportunity to address the concern. If the response is considered unsatisfactory, the Court will so indicate and participate in continued discussion toward resolving the concern. This process will continue during the ten day period until the concern is adequately addressed. Failure on the part of the Contractor to satisfactorily address all issues of concern by the end of the ten day period may result in the Court resorting to any single or combination of the following remedies:

- (1) Cancel the Contract;
- (2) Reserve all rights or claims to damage for breach of any covenants of the Contract;
- (3) Perform any test or analysis on materials for compliance with the specifications of the Contract. If the results of any test or analysis confirms a material noncompliance with the specifications, any reasonable expense of testing shall be borne by the Contractor;
- (4) In case of default, the Court reserves the right to purchase materials, or to complete the required work in accordance with the Judicial Branch Procurement Code. The Court may recover any reasonable actual excess costs up to the greater of \$100,000 or the purchase price of the equipment or services that are the subject matter of, or directly related to, the cause of action, from the Contractor by:

- (a) Deduction from an unpaid balance;
- (b) Collection against any bid and/or performance bond, or:
- (c) Any combination of the above or any other remedies as provided by law.

44. **Price Reduction.** A price reduction adjustment may be offered at any time during the term of this Contract and shall become effective upon notice.

45. **Installation.** Any order, acceptance or other document evidencing a purchase under this Contract for equipment or software shall describe the responsibilities of the parties regarding installation of the goods ordered, including the establishment of the date of installation.

46. **Statewide Purchasing.** If authorized in a particular solicitation, any Arizona court or any political subdivision on behalf of a court may procure material or services described in this Contract for use by Arizona courts or judicial branch units. Where so authorized, Contractor agrees to provide such materials or services to other courts at the Contract prices and under the Contract terms. Any attempt to represent any material and/or service as being under contract with the Court which is not a subject of or addition to this Contract is a violation of the Contract and the Judicial Branch Procurement Rules. Any such action is subject to the legal and contractual remedies available to the Court inclusive of, but not limited to, Contract cancellation, suspension and/or debarment of the Contractor.

47. **Life Cycle Costs and Application Benefits.** ARS §41-2553 requires any state agency purchasing an information or telecommunication system costing more than \$100,000 to take into account the total life cycle cost and application benefit of the system, as defined by statute. Upon request, the Contractor shall provide this information at the time such a system is proposed for purchase under this Contract.

48. **Public Record.** This Contract is a public record, available for review, as required by state law.

49. **Criminal History Check.** The Court may require Contractor to provide identifying information for Contractor and any individuals working in judicial facilities or having access to judicial information for the purposes of conducting a criminal history records check for security purposes. Contractor agrees to cooperate with such requests and understands that the Court may terminate this Agreement if the results of the criminal history records check would disqualify the Contractor or individual and there is no acceptable alternative.
